MY AGREEMENT TO THE ENROLMENT PROCESS

NB: Parent or caregiver to sign if you are under 16 years

I intend to use this practice as my regular and ongoing provider of general practice / GP / First Level primary health care services.

I understand that by enrolling with this practice I will be enrolled with the Primary Health Organisation (PHO) this practice belongs to, and my name address and other identification details will be included on both the Practice, PHO and National Enrolment Service Registers.

I understand that if I visit another provider where I am not enrolled I may be charged a higher fee.

I have been given information about the benefits and implications of enrolment and the services this practice and PHO provides, and their contact details.

I understand that the Practice participates in a national survey about people's health care experience and how their overall care is managed. Taking part is voluntary and all responses will be anonymous. I can decline the survey or opt out of the survey by informing the Practice. The survey provides important information that is used to improve health services.

I agree to inform the practice of any changes in my eligibility.

HEALTH INFORMATION PRIVACY

I agree to the practice sharing my health information with other health providers involved in my healthcare. The information I have provided on the Enrolment Form will be used to determine eligibility to receive publicly-funded services. Information may be compared with other government agencies, but only when permitted under the Privacy Act.

I also agree to my information being used for practice quality/audit activities and to being included in the practice screening, recall and health programmes.

I have been informed of the Health Information Privacy statement posters.

The definition residing is NZ is that you intend to be resident in New Zealand for at least 183 days in the next 12 months

If a person has an interim visa this means they are waiting for Immigration to finish processing an application as Immigration issues interim visas if the old visa has run out but the new visa is still being processed. To determine the eligibility of an interim visa holder you should look at what their eligibility status was immediately prior to being issued the interim visa. For example, the person had a two year work permit and has been issued with an interim visa while waiting for their application for another two year work permit to be processed. Immigration usually issues Interim visas in a letter form. An authority is the legal right to sign for another person if for some reason they are unable to consent on their own behalf.
